# Seekers Club

## New Malden

**Leisure club**

Seekers Club is a leisure club for adults with a learning disability who are members of Kingston Mencap.

As well as the weekly club sessions Seekers club organises day trips out and visits to the theatre.

There is a different programme of events each week with suggestions coming from members and this is produced in an easy-read picture format.

There are all kinds of leisure and games and we aim to provide something for all. We do things like bingo, country dancing, themed evenings, music evenings, arts & craft, Seekers Got Talent, games evenings and lots more...

All this alongside the monthly Birthday Disco, with a special large birthday cake. Why not come and join us? Make new friends, try new activities and have a place to talk and have some fun!
